NUMBER 23

THE ELECTION.

Tuesday was a great day for the Iron county Democracy and the entire ticket was elected by increased majorities. Many people thought the race between Hawkins and Forshee, for circuit clerk, would be a battle royal, but it wasn't. It was "dead easy" for Hawkins. This (Wednesday) morning, with 80 per cent of the vote in, it is safe to say his majority will be just about 300. Judge Keith, for representative, and Add Reese, for presiding judge are both elected by substantial majorities. S. A. Trask, the Democratic nominee for judge of the western district, has a majority of about 70. The whole ticket has gone through with colors flying! It was a great and glorious victory. The official count will be printed next week.

The St. Louis papers received Wednesday morning give nothing definite about the situation throughout the country. It is said Folk is running behind his ticket. Indications are that the race for Congress in this district between Brewster and Rhodes is close. Brewster has carried Iron County by 175 votes.

The Allies continue driving the Huns from France, and the Austrians have surrendered. The end is near.

Des Arc Items.

We have several new cases of influenza this week. Mrs. Joe Dean died last week; only sick a short time. S. Fowler, son-in-law of Bud Stevenson, died last Wednesday. His baby died Sunday, leaving a wife and one baby. Fowler was in town Monday and got medicine from Dr. Farr, died Thursday. Geo. Loyd and family, Len Morris' family and Ray Stamp and family are up, but still confined to their rooms. I understand there are thirty cases in the orphan home at Farmington. Morehouse, Dexter, Clarkton and several other towns down in Southeast Missouri have lots of cases. It seems to be worse in the malarial districts.

Mrs. Maude Brewington and daughter left Monday for St. Louis, where they have positions.

Wm. Stevenson is baling his hay, preparing to go south for his health.

John Norton has a position as tie inspector on the Belmont Branch.

Our merchants did a fine business Saturday.

E. W. Fitz has bought the Fred F. Farr store, ISAAC.

Annapolis News.

Some killing frosts the past few nights.

Squire Kitchell and wife were in Ironton Monday and Tuesday of last week, and while there took a trip out about four miles east of Pilot Knob, visiting Charley Lee and family in "No Man's Land." It is a nice country out there, and when you once get there there are no hills to look up to. You have to even look down to see the sunrise. No danger of influenza up there. Mr. Lee says he had peach blooms up there last spring but no peaches, and that is more than us people who live in the lowlands of Iron county can say. There are several five and ten acre tracts of land up there for sale at from \$25 to \$100 per tract, and some of it is cleared of timber and rocks. It is fine land for fruit growing and water is as plentiful up there as in the lowlands.

Mr. Seal, one of our drafted boys who was sent to Camp Dodge, Iowa, about four months ago, is here to see home folk. He is now stationed at Fort Riley, Kansas, but expects to be moved soon.

Ray Simpson, a Reynolds county boy who has been in the navy eight years, passed through here the other day on his way to Black river to see his mother. His pay is \$120 a month, and he is not permitted to be absent from his ship more than twenty days without a good excuse.

Among the candidates in Annapolis Friday and Saturday last were B. P. Burnham and J. H. Keith; also Brooks of Des Arc running for Justice of the Peace on the Republican ticket.

The writer, his wife and baby have just returned from a visit to Fred O. Kitchell at Des Arc, and found there had been several deaths in Des Arc in the past few days from influenza. Five new cases reported Monday.

Much electioneering to-day.

Twenty cases of influenza reported in Annapolis.

Wm. Moss bought a fine team of gray horses at Ironton the past week.

To County Food Administrators.

The household allotment of sugar has been raised from two pounds per person per month to three pounds per person per month, a wire from Washington this morning announces. Hotels, restaurants and other public eating places will be allotted sugar on the basis of three pounds for each ninety meals served. This ruling becomes effective November 1st.

Any person may purchase a full supply of sugar at one time if he so desires.

Dry Talk at Middlebrook.

Mrs. M. F. Coppedge, of Steelville, Mo., State Organizer for the Missouri Woman's Christian Temperance Union, came to our town October 30th and spent the afternoon calling on the women of our little hamlet. Not being able to have a public meeting she gave a very interesting talk at the post-office to the voters on the "dry" proposition. She sure produced some forceful argument as to why every loyal American should cast his ballot November 5th for the prohibition amendment that Missouri may be constitutionally free from the liquor traffic and close the largest brewery in the world, thus conserving not only grain and coal, but man power as well, that we may win this great struggle for Democracy. She appealed to the voters to scratch No. 8, and vote YES on Amendment No. 8.

She succeeded in organizing a splendid Union of the leading women of our town. Officers of this organization are: Mrs. Nora Gassman, president; Mrs. Pearl Farria, vice-president; Miss Maggie Campbell, secretary; Mrs. Geo. D. Cochran, treasurer. The first meeting will be held at the home of the president as soon as the influenza has abated.

Middlebrook, Mo., Nov. 1.

From Mrs. Madigan.

KINGMAN, Ariz., October 28, 1918. Dear Uncle Eli—I know we have not kept our promise to write often but have found it very hard to do any writing enroute.

We have been traveling on the Ocean to Ocean Highway for days and are enjoying our trip very much. There are three cars of us traveling together, a family from Greeley, Colo., also traveling in a Dodge, and another from Anna, Ill., in a Ford. We have all been together for a week and a half; they are lovely people and it is so much more pleasant to have congenial company.

We are less than one hundred miles from Needles, Cal., now. We stopped ten days and thus became delayed, four days at Colorado Springs, Colo., and six days at Las Vegas, New Mexico. Barring trouble, we expect to reach San Francisco about Wednesday night or Thursday.

I will try to write you something of interest about our trip after we get located.

Best wishes to you and all friends.

I am, Sincerely,

HATTIE D. MADIGAN.

Fall Merchandise

NOW HERE!

THE NEW FALL STOCKS are in and arranged for your inspection, and, in the face of a growing shortage in the desired kind of Merchandise, and delays in shipping, you will be surprised at the showing, which compares very favorably in every way with that of former years.
